

Creating harmony between people and nature

世界をもてなす日本のこころ

大正元年創業

Founded in 1912,

Shikada Sangyo produces exquisitely crafted creations using natural materials such as bamboo, as well as interior products that incorporate these creations.

The SHIKADA SHITSURAI brand proposes ways to create pleasant spaces by utilizing other natural materials in harmony with the sudare products that we have produced for over 100 years.

Fondé en 1912, Shikada est un fabricant japonais de textile conçu à base de bambou coupé avec précision et aussi à base de matériaux naturels. Nous proposons des textiles et des produits finis appelés « Sudare », que nous fabriquons depuis plus de cent ans. Nous vous proposons de faire en sorte que vos projets d'intérieurs s'accordent au mieux avec l'espace. C'est notre philosophie, appelée SHIKADA SHITSURAI.

Shikada è una azienda tessile fondata nel 1912. La sua attività principale è il taglio di alta precisione e la lavorazione del bambù e di altri materiali naturali per l'arredamento di interni. Con la produzione della gamma "Sudare" e con gli altri materiali naturali offriamo la possibilità di arredare gli ambienti in armonia ed in sintonia con la natura. Questa è la nostra filosofia, SHIKADA SHITSURAI

A photograph of a traditional Japanese interior. The walls are covered in vertical bamboo blinds (shoji) with dark wooden frames. Several red tassels (nubata) hang from the top of the blinds. In the foreground, a dark wooden table holds a small bottle and a bowl. To the right, a low wooden table holds a tray of white dumplings. A warm light fixture is visible in the upper right corner.

SHITSURAI

Since antiquity, the Japanese people have practiced Shinto, in which a myriad of deities are believed to reside in all facets of nature. Shinto is based on the concept of living in harmony with nature. Based on these sentiments, for over 1,000 years, the Japanese people have engaged in a practice known as SHITSURAI implementing interior decorations to welcome honored visitors.

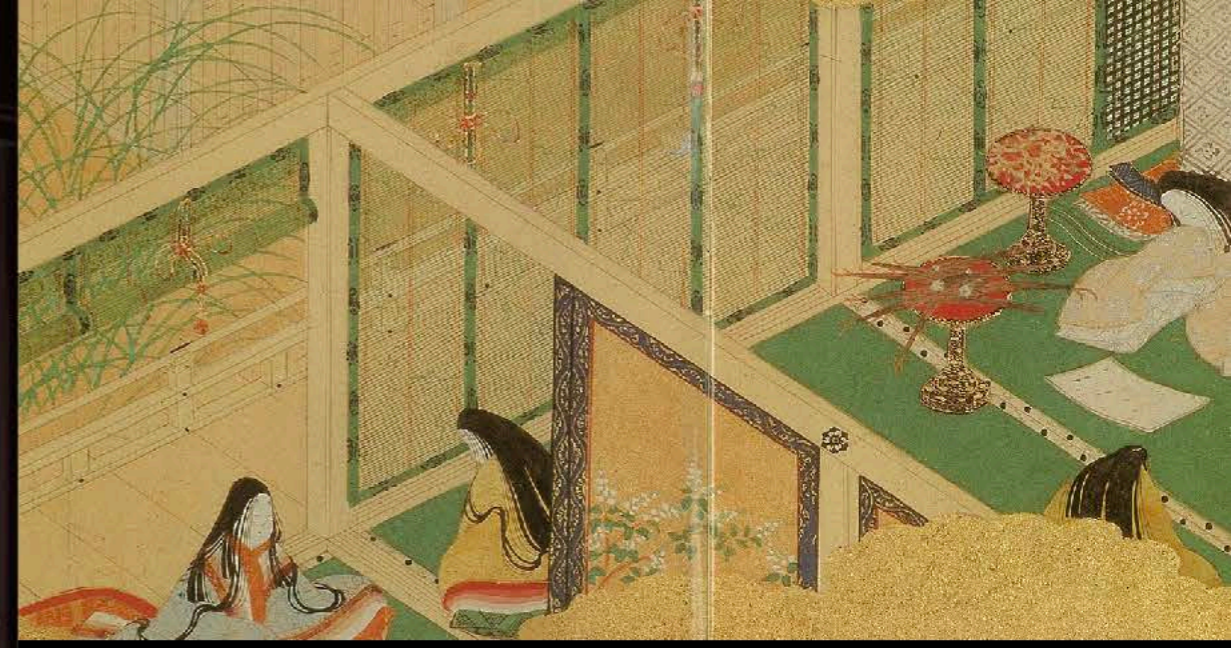

Le Japon est un pays polythéiste, dont une des religions est le shintoïsme.

Dans notre pays, nous pensons que les divinités sont partout, c'est-à-dire, dans toutes les formes de vies de la nature et dans les objets créés par l'homme.

A notre avis, nous vivons en symbiose avec la nature. Ainsi, depuis un millénaire, un hôte ou bien une hôtesse d'accueil aménage des espaces pour des invités de marque en profitant des matériaux issus de la nature. C'est notre rituel appelé SHITSURAI.

I Giapponesi sono Shintoisti e credono che le Divinità siano presenti in tutte le cose in natura e nel creato, così l'umano vive in piena sintonia con la natura.

Da più di 1000 anni con questa sensibilità abbiamo preparato uno spazio arredato con materiali naturali per accogliere questi preziosi ospiti: questo rituale d'ospitalità si chiama "SHITSURAI"
